ILOA

PENDANT LIGHT · STONE, LEFT RAW

THE PIECE

ILOA's travertine hasn't been polished for show: its craters, veins and dark flecks remain just as they were left in the quarry. A walnut wood collar softens the top, a black cable runs up to the ceiling, and that's all. Sixteen centimetres in diameter — the understated presence of an object with nothing to prove.

Installation & care

Must be installed by a qualified electrician, in line with local wiring regulations (BS 7671 in the UK).

Switch off at the mains before fitting or cleaning.

Change the bulb with the power off, once cool.

Travertine: dust with a soft dry cloth; avoid water and cleaning products.

Wood: dry cloth, away from moisture and direct heat.
