JUAD

PENDANT LIGHT · THE SOUL OF NATURAL STONE

THE PIECE

The JUAD pendant light is not just a light fixture; it is a true ode to geology. Precisely carved from a cylinder of genuine white alabaster, it possesses a fascinating duality. When off, it stands as a mineral sculpture with a raw, soothing aesthetic.

Installation & care

Must be installed by a qualified electrician, in line with local wiring regulations (BS 7671 in the UK).

Switch off at the mains before fitting or cleaning.

Change the bulb with the power off, once cool.

Alabaster: a soft stone, dust gently with a dry cloth.

Brass & bronze: dry cloth; the patina evolves naturally over time.
