MAART

WALL LIGHT · THE BEAUTY OF IMPERFECTION

THE PIECE

Forget strict geometric shapes. The MAART wall sconce is an ode to nature, drawing inspiration directly from wabi-sabi aesthetics. Designed like a rock formation climbing up your walls, it brings together genuine raw stone fragments held in place by delicate brass rivets.

MATERIALS

Raw Spanish Alabaster Fragments
Solid Brass

Installation & care

Must be installed by a qualified electrician, in line with local wiring regulations (BS 7671 in the UK).

Switch off at the mains before fitting or cleaning.

Change the bulb with the power off, once cool.

Alabaster: a soft stone, dust gently with a dry cloth.

Brass & bronze: dry cloth; the patina evolves naturally over time.
