MARPAR

WALL LIGHT · GEOMETRY AND MINERAL PURITY

THE PIECE

The MARPAR wall sconce is a lesson in architectural elegance. Its clean, precise linear design is softened by the organic warmth of a thick diffuser made of genuine alabaster.

MATERIALS

Genuine Natural Alabaster
Solid Brass and Metal
Gold Brass

Width (Metal Band)	12 cm
Installation	Vertical Wall-Mounted (Fixed electrical wiring)
Luminous Power	~12W (1200 Lumens)

Hallway or living room
Centre the light about 150–170 cm above the floor; in a row, space them 80–120 cm apart.

Bedside
As a pair, about 120–140 cm above the floor, one on each side of the bed.

Around a mirror
At eye level, about 160–170 cm above the floor, one on each side.

Finishes

MARPAR

Installation & care

Must be installed by a qualified electrician, in line with local wiring regulations (BS 7671 in the UK).

Switch off at the mains before fitting or cleaning.

Integrated LED: no bulb to change.

Alabaster: a soft stone, dust gently with a dry cloth.

Brass & bronze: dry cloth; the patina evolves naturally over time.
