ZITO

WALL LIGHT · A STONE SPLIT BY LIGHT

THE PIECE

ZITO is a 20 cm disc made of genuine travertine , split in two across its entire width. From this irregular fissure escapes a warm line of light that runs from one side to the other — like a stone that has just been opened. When off, it is simply a disc mounted on the wall; when lit, the fissure becomes the focal point.

MATERIALS

Genuine Travertine, Beige Finish
Metal, Integrated Wiring

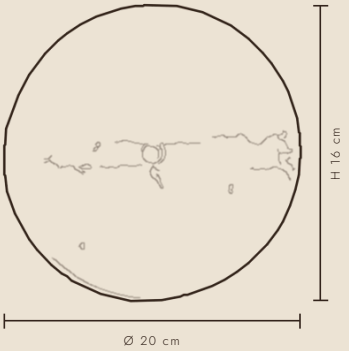

SERVICES

30-day returns	From delivery
Ships in 1–2 days	Tracked delivery

Specifications

Body	Genuine Travertine, Beige Finish
Structure	Metal, Integrated Wiring

Hallway or living room
Centre the light about 150–170 cm above the floor; in a row, space them 80–120 cm apart.

Bedside
As a pair, about 120–140 cm above the floor, one on each side of the bed.

Around a mirror
At eye level, about 160–170 cm above the floor, one on each side.

Finishes

Travertine

Installation & care

Must be installed by a qualified electrician, in line with local wiring regulations (BS 7671 in the UK).

Switch off at the mains before fitting or cleaning.

Change the bulb with the power off, once cool.

Travertine: dust with a soft dry cloth; avoid water and cleaning products.
